

Academic Excellence

IMONST 23 competition

Last week, we celebrated another set of excellent results in maths competitions, with our students' hard work being rewarded with some magnificent awards. This time, it was the IMONST 23 competition, which acts as a selection process for the Malaysian International Maths Olympiad team. Preparation for this competition is a big commitment and 16 of our students entered this very challenging paper. We are pleased to report that merits were received by Jing Han (junior paper), Abigail Hor (senior paper) and Ian Lim (senior paper). Jun Yan received the highest score in the school on the senior paper. However please join us in celebrating the very impressive performance of Isaac Ong in Rudiments (Year 8) who received a Gold award (placing in the top 6 students nationally). This means that Isaac also qualifies for the next round of the competition which takes place this coming weekend, taking him one step closer to the Malaysian national team. This is a wonderful achievement, and we look forward to hearing how he gets on!

Pupil Leadership 2023-24

Last week, many pupils displayed outstanding leadership skills and commitment towards our virtues as part of the school's 2023-2024 Pupil Leadership Interviews. Applying for roles as Line Captains, Service Learning Officers and Pupil Council leaders, they completed a questionnaire and had formal interviews for these positions. This demonstrated how they could be Learned and Wise, and Intentional and Prophetic towards their community.

On Monday 16th October, our pupil leadership team was introduced in our Whole School Assembly. The newly minted pupil leaders were welcomed to their new positions by Mr John Browne and Mrs Lorraine Wright, the Headmaster and Assistant Head (Academic) of Stonyhurst College, UK, who were on their annual visit to Stonyhurst International School.

A huge congratulations goes to all our pupil leaders who have demonstrated their capabilities and shown enormous effort and dedication towards our Lead2Serve programme.

Perspectives and Horizons

'Hello Yellow'

On Tuesday October 10th, the whole school community participated in the World Mental Health Day, and this year's theme was 'Hello Yellow'. Pupils and staff wore yellow in support of the worldwide 'Hello Yellow' campaign to create awareness about mental health issues amongst young people. The colour yellow represents light, happiness and hope for a better future for our young people AROUND the world.

See you in 2042!

As the Founder's Wall was unveiled and the time capsule placed in the heart of the school, there was a palpable sense of pride amongst parents, staff and pupils. The Founders' Wall had the names of the school's founding members – the Board of Governors, senior leadership team, members of staff and of course pupils.

Faith that does Justice

Sustainability Corner

The Early Years and Lower Pre-Prep students have now got a compost machine! Every Friday, Nursery, Reception and Lower Pre-Prep (Year 1) will take turns to put their food waste from their plates after lunch time into our compost machine and wait to see it turn to soil on Monday! This soil will then be used by our gardeners to tend the garden spaces at Stonyhurst. Later on in the year, Lower Prep (Year 3) will be using the soil that is created by Early Years and Lower Pre-Prep for their service learning project.
